2013-2014 Catalog

Dear Valued Customer:

We are delighted to share with you Putterman Athletics' second annual catalog for the 2013-2014 season, once again providing you comprehensive information about our ever expanding services and products as a full-service athletics manufacturer and supplier. Today Putterman Athletics serves our customers from locations in three states: Chicago, Illinois, Atlanta, Georgia, and our recently acquired Orlando, Florida facilities. Our projects are very large, very small, and all those in between. Since our last catalog we have significantly expanded our product and service offerings especially for multipurpose athletic facilities. This year's catalog has many more ready-to-go products to complement our already bountiful portfolio of custom designed products. Take a moment to examine our Chelsea Piers project described in the beginning pages of this catalog to gain a better understanding of the breadth of our capabilities. And we are not stopping now. As the year progresses, we expect to add even more to what we offer you – our most valued business asset. (For more information visit us at www.puttermanathletics.com.)

Putterman Athletics has remained successful for over 90 years because we know that each customer has specific needs and requirements, so we make sure we completely understand each element of an order before it is fulfilled: We identify individual elements, deconstruct them, and create a project plan to execute the big picture, delivering the best outcome from quote to installation. Mastering this formula has given Putterman the opportunity to work with such clients as: Chelsea Piers, The US Open, The Kansas City Chiefs, Naval Academy Tennis, Baylor University, and many others.

For Putterman Athletics' loyal customers, thank you all for your continued support. For new customers or those of you considering Putterman Athletics, I urge you to contact one of our dedicated Sales Managers. We are fortunate to have knowledgeable Sales Managers who understand the importance of customer satisfaction for the duration of the sales and installation process and beyond.

From the corporate office to our production plants, we do our utmost at Putterman Athletics to ensure our products are the best in the world. We know what you expect from us and we are dedicated to providing you with those results. We look forward to serving all your athletic and recreational needs.

Sincerely,

Benjamin Beiler
CEO/President of MPCGROUPLLC

Quotation

In early 2012 Putterman Athletics began a conversation with the owner of Chelsea Piers about an exciting new athletic facility in Stamford, Connecticut. Together we visualized a space outfitted with top-of-the-line safety and utility products designed specifically for the ground breaking site.

Our Team generated a separate, detailed quote for each area of the facility; in this way, we offered flexibility for changes and alterations so that each phase of the project could move at its own pace without delays.

Putterman Project Managers worked with Operations at Chelsea Piers to gather architectural plans and photographs that laid the groundwork for the design phase that would follow.

Design

Putterman Engineers began by creating shop drawings of each unique athletic space. These drawings became the subject of collaborative planning and adjusting, tweaking and perfecting, between the visionaries at Chelsea Piers and the experienced engineers at Putterman Athletics.

Our Engineers took special considerations for the Backdrop Curtains in the large turf area (below). The turf is encircled by a running track, so our Engineers designed curtains that are capable of stopping a flying lacrosse ball almost instantly. The custom curtains also include reinforced blocks of solid vinyl behind each goal, increasing durability and performance.

Another custom feature is the array of Motorized Gym Divider Curtains that divide the large turf space into multiple zones of play. These massive curtains are designed to hug the slope of the ceiling above and lie flush with the turf surface below. With the turn of a key switch, both curtains in each set retract toward the ceiling using a single winch.

For the wood-floored gymnasium area (left) our Engineers designed custom curtains with tracks that comply to NCAA requirements for overhead volleyball.

The Backdrop Curtains in the tennis court area of Chelsea Piers (top opposite) were designed with foot traffic in mind. These custom curtains feature a blend of track and cable supports that grant the space greater egress, flexibility, and durability.

Project Management

At Putterman Athletics we consider customer service a top priority. That is why we emphasize Project Management as a critical element in the success of any job.

Chelsea Piers was no exception. Our Project Managers coordinated with the Putterman Team, along with Operations Managers and Architects on the Chelsea Piers site. When the collaborative design efforts neared completion, Putterman Project Managers revisited the site with skilled field technicians to verify the accuracy of every measurement.

Based on these precise field measurements, final changes were made to the shop drawings before they were sent to fabrication.

Fabrication

At Putterman's fabrication facilities, quality control is our main focus. Experienced Production Managers supervise every aspect of fabrication to guarantee that our products are durable, sleek, and tailored to the expectations of our customers.

Fabrication for Chelsea Piers was kept on a very tight schedule. Following the procedure used during the quoting process of this project, our Fabrication Team tackled production in phases. We shipped products to the Chelsea Piers site as they were completed, rather than waiting to ship all the materials at once. This compartmentalized approach enabled Putterman installers to get underway ahead of schedule.

Installation & Maintenance

Putterman maintains a nationwide network of installers who work around the clock to satisfy our customers.

At Chelsea Piers, a Putterman Installation Team was hard at work preparing the site for installation as soon as fabrication began. By the time the fabricated materials arrived on-site, our Team was able to rapidly deploy the custom products while triple-checking that each aspect of the finished product was as expected by the customer.

At Putterman Athletics we pride ourselves on coordinating every aspect of large-scale installations, including equipment rental. Our Teams are available to work nights and weekends so that new product installation does not compete with our customers' hours of operation.

The same is true for our Maintenance Teams; we thoroughly support our customers long after the installation is complete with a full-service Maintenance Package that guarantees timely repairs in an emergency as well as standard maintenance throughout the life of our products.

- 1.4in Twine [PRO60014]: black, 600ft long coil
- 3/16in Twine [PRO600316]: black, 600ft long coil

Windscreen Logos & Graphics

Tenn-Air™ with Standard Tear Drop Vents

Putterman Athletics offers high quality digital and hand-painted windscreen graphics, along with professional logo and graphics design services.

Find more information call
1-800-621-0146 or visit
www.puttermanathletics.com.

Windscreen Vents

Putterman includes standard vents with every vinyl windscreen order. All vent options include:

- Standard Vents [CVSTD]: available in half moon or tear drop shape
- Sewn Boxed Vents [VSWN]: available at additional cost

The background features a dark blue field with several thick white lines that create a series of overlapping, angular shapes, resembling a stylized tennis court or a modern architectural design. The lines are white and vary in thickness, creating a sense of depth and movement.

- Logos and graphics available
- Available in Black, White, Spruce Green, Yellow, Red, Navy Blue, Royal Blue, and Grey
- Ask about our solid vinyl options

Divider Netting

The MIDTOWN Curtain

For over 40 years, Putterman has been a preferred vendor to The Midtown Athletic Clubs of America. The Midtown Curtain is a custom designed, stylish, and durable divider net engineered in partnership between Putterman and Midtown.

MIDTWN-CRTN

- Custom fabricated No. 36 nylon netting with a 4-ply upper hem and a vinyl mesh bottom
- Features a solid vinyl section that lays against the split wing to offer an additional point of egress
- Built-in upper hem grommets every 18in
- Available in Green and Black (contact us for additional colors)

Putterman Divider Net

DVNET-CSTM

- Custom fabricated No. 18 knotted nylon netting
- Weighted nets available with vinyl pocket for lead rope or chain
- Built-in upper hem grommets every 12in
- Available in Green and Black

All-Set Divider Net

CBN1060

- Economic alternative to Putterman Divider Net
- Standard size: 10ft x 60ft with 3in 12oz solid vinyl hem on all four sides and built-in grommets every 18in on top and sides
- No. 18 net with 7 double braided bottom rows

Tennis Divider Netting Accessories

- Snaps [SNAPS]: zinc plated
- Hook and Loop Bottoms [NET-BTM]: detachable, available in net, vinyl, and mesh options
- Divider Net Kit [DIVNETKIT]: 130ft cable, 8 cable clamps, 90 c-snaps, 2 turnbuckles
- Plastic "C" Clips [PROCS01]: bag of 100

Ball Biter® Series

Net Biter®

NB

- Increases player safety by “biting” tennis balls that roll up to the bottom of the net, and lengthens net life by reinforcing the vulnerable bottom section
- Installed in 18ft sections with 2in thick foam on both sides
- Hook and loop strip reinforced with 13oz vinyl
- Built-in grommets every 24in
- Available in Black

Fence Biter®

FB

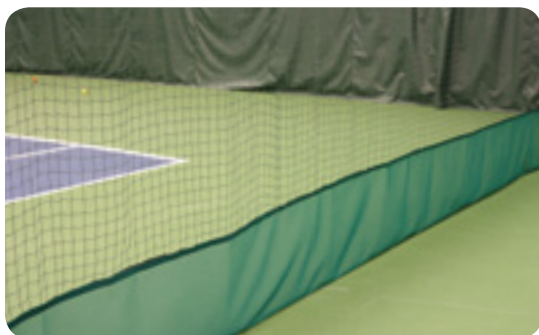

- Covers the gap between court and fence to keep tennis balls where they belong
- 9oz 100% vinyl coated polyester sewn around 1/2in thick foam in 6ft sections; hook and loop strip available
- Built-in grommets every 18in
- Available in Yellow, US Open Blue, Brown, Kelly Green, Orange, White, Royal Blue, Forest Green, Red, Grey, and Black

Curtain Biter®

CURB

- Hides fraying bottoms on Backdrop Curtains while keeping tennis balls out of the way during play
- Hook and loop strip reinforced with 20oz vinyl sewn around 2in thick foam
- Available in Green and Black (contact us for additional colors)

Court Kisser®

CRTK

- Detachable addition to your existing court divider net
- 13.5oz 100% vinyl coated polyester mesh
- Four-ply reinforced hems on all four sides
- Available in Black, White, Spruce Green, Yellow, Red, Navy Blue, Royal Blue, and Grey

Ball Biter® Accessories

- Heavy-Duty Cable Ties [TIES120]: 8in UV stabilized nylon, bag of 100
- Light Weight Cable Ties [TIES050]: 8in UV stabilized nylon, bag of 100
- Black Polypropylene Rope [ROPE316BLK]: 3/16in diameter monofilament braid

Custom Padding

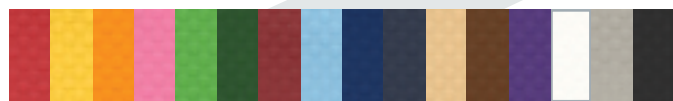

Padding 18

Putterman's Custom Padding for tennis courts protects players from sharp corners, beams, unseen dangers behind backdrop curtains, and other hazards on your indoor or outdoor court. Depending on your application, our Sales and Engineering Team will develop the right pads for your facility.

Padding 18

PADS18-CSTM

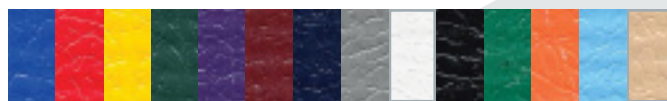

- 18oz 100% vinyl coated polyester
- Logos and graphics available
- Available in Red, Yellow, Orange, Bright Pink, Lime Green, Green, Burgundy, Marine Blue, Royal Blue, Navy, Tan, Brown, Purple, White, Grey, and Black

Padding 14

PADS14-CSTM

- 14oz laminated polyester
- Logos and graphics available
- Available in Royal Blue, Red, Gold, Forest Green, Purple, Burgundy, Navy Blue, Grey, White, Black, Kelly Green, Orange, Sky Blue, and Camel

Padding Accessories

- Patch Kit [PK]: vinyl cement with 1 yard of chosen vinyl
- Padding Adhesive [ADHPAD]: clear thermoplasticelastomer cement

Court Seating & Shading

Courtside Bench

PRO41137 Plastic

* QUALITY GERMAN ENGINEERING

- Sturdy plastic-coated jointed aluminum handle with high-quality bristle brush

Master Line Brush

MSTRLN5WP

- Rust-free all-aluminum construction
- Positive locking brush action
- The angle allows the brush to dig in and remove hard to clean areas that require more pressure
- Brushes available with coarse or fine bristles

Clay & Hard Court Maintenance

Poly Court Cover

TCCP

- 100% woven polyolefin
- 60ft x 60ft cover, custom sizes available
- Designed with vinyl reinforced double-stitched hems with pull handles every 10ft
- For use on clay or hard courts
- Logos and graphics available
- Available in reversible White/Silver and Black/Silver

Vinyl Court Cover 10

AFC10-60X60

- 10oz 100% vinyl coated polyester
- 60ft x 60ft cover, custom sizes available
- Grommets and pull handles available upon request
- For use on clay or hard courts
- Logos and graphics available
- Available in Red, White, Blue, Kelly Green, and Forest Green

Miracle Dri Unit

PROMD03

- Powder-coated aluminum frame and aluminum housing
- 37.5in long x 6in wide x 5ft high
- Includes one PVA roller, refills available
- Available with optional powder-coated aluminum Sunshield to deflect the sun's damaging rays and add life to your PVA roller
- For use on hard courts
- Available in Grey

Putterman Absorbing Roller

PRO41141

- *** QUALITY GERMAN ENGINEERING**
- Absorbing drum with foam rubber covering
- Hot-galvanized frame and drum body
- For use on clay or hard courts
- Working width: 31.5in

Court Maintenance Accessories

- Miracle Dri PVA Refill [PROMDBLU]: 36in polyvinyl roller
- Roller Cover [PRORC01]: fence hanging protective cover for Miracle Dri
- Sand Bags [SB]: 2.8oz white polypropylene

Court Enhancements

Standard Receptacle

- P-PB32R 32 Gallon
P-PB55R 55 Gallon
- Available in round or square varieties
 - Available in Green, Cedar, and Gray

Igloo® Cooler

- IGLOO
- Reinforced handles for strength and longevity
 - Available in 5 or 10 gallons
 - Available with Universal Stand and/or Cup Dispenser
 - Available in Green and Yellow

Tidy Court Unit

- Available in Green and Black
- TIDITRAY Tray
- High quality UV stabilized poly
- TIDIBASK Basket
- Sturdy plastic by Rubbermaid®

Court Numbers

- PROCN
- Durable weather resistant acrylic
 - 8in x 10in
 - Available as individual numbers from 1 to 24
 - Choose between white on black or white on green (contact us for additional colors)

Message Boards

- P-PBMC
- Multiple Sizes Available, including:
 - Small: 20" x 3 1/2" x 26"
 - Medium: 36" x 5 1/2" x 26"
 - Large: 51" x 3 1/2" x 36"
 - Available with one side or two sides
 - Available with or without posts
 - Available in Green and Cedar

Showcase Boards

- PRO419
- * QUALITY GERMAN ENGINEERING
 - Sizes available:
 - 2.3ft wide x 1.7ft high
 - 3.28ft wide x 2.79ft high
 - 4.43ft wide x 3.36ft high
 - Heavy duty aluminum and steel construction with weatherproof rubber seal and crack resistant acrylic glass pane

GAMMA® Scor-Post Pro

PROCSPPR-00

- Use tennis balls to score matches
- Standard scoring for 3 traditional sets or an 8-game pro set
- No tools needed for installation and removal
- Name cards sold separately

GAMMA® Score Reporter

PROPSR

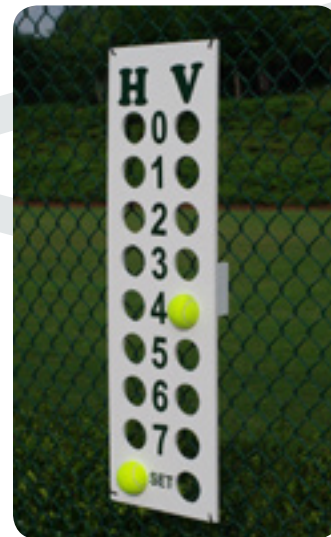

- Mast fits into a permanent socket on the net post
- Features black and red numbers 0-9 on white styrene cards
- Includes reusable name cards
- Available in Metal and PVC

Score Tube®

PROST001

- Use tennis balls to score matches
- Stainless steel clamp included for easy installation to post or net. Hooks also available for fence mounting
- Available in Black, White, US Open Blue, and Green

Fence Hanging Scoreboard

PROSBF

- Available in 0-7 or 0-8 range
- Available in vertical or horizontal format

Hang-Up Unit

PROCH01

- Hangs neatly on the fence and provides safe, convenient storage for personal belongings
- Includes all necessary items for mounting

Putterman Tennis Shoe Cleaner

PRO41271

- ★ QUALITY GERMAN ENGINEERING
- 10.63in x 13.8in
- Solid plastic construction

The image features a dark red background with several thick, white, rounded lines that create a sense of depth and movement. These lines are layered, with some appearing to be in front of others, creating a 3D effect. The lines are smooth and curved, resembling stylized architectural elements or perhaps the outlines of a stadium's seating tiers. The overall composition is minimalist and modern.

Athletic Field & Track Covers

Rainbuster Athletic Field Cover

TurfMat Turf Protectors

TurfGard Sideline Cover

Athletic Field Covers

- Fabricated using your choice of AFC 10, AFC 14, or Rainbuster (see opposite page for details)
- Covers feature reinforced hems and pull handles every 10ft
- Standard and custom sizes available, call for details

Baseball Turf Protectors

- Fabricated using TurfMat (see opposite page for details)
- Covers feature reinforced hems and built-in grommets every 5ft
- Standard and custom sizes available, call for details

Baseball Spot Covers

- Fabricated using your choice of AFC 10, AFC 14, Rainbuster, or 18oz Vinyl (see opposite page for details)
- Covers feature reinforced hems and built-in grommets every 5ft
- Standard and custom sizes available, call for details

Football Sideline Covers

- Fabricated using your choice of TurfGard or TurfMat (see opposite page for details)
- Covers feature reinforced hems and built-in grommets every 5ft
- Standard and custom sizes available, call for details

Running Track Covers

- Fabricated using TurfGard (see opposite page for details)
- Covers feature reinforced hems and built-in grommets every 5ft
- Standard and custom sizes available, call for details

Athletic Field & Track Cover Materials

AFC 10

AFC10-CSTM

- 10oz 100% vinyl coated polyester
- Logos and graphics available
- Available in Red, White, Blue, Kelly Green, and Forest Green

AFC 14

AFC14-CSTM

- 14oz 100% vinyl coated polyester
- Logos and graphics available
- Available in Red, White, Blue, and Kelly Green

TurfGard

TGD-CSTM

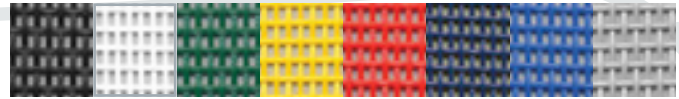

- 15oz blend of polyester and polypropylene staple fibers
- Available in Tan and Black
-

TurfMat

BMCUST

- 13.5oz 100% vinyl coated polyester mesh
- Logos and graphics available
- Available in Black, White, Spruce Green, Yellow, Red, Navy Blue, Royal Blue, and Grey

Rainbuster

AFC63-CSTM

- 6.3oz 100% woven polyolefin
- Logos and graphics available
- Available in reversible White/Silver and Black/Silver

18oz Vinyl

18VCP-CSTM

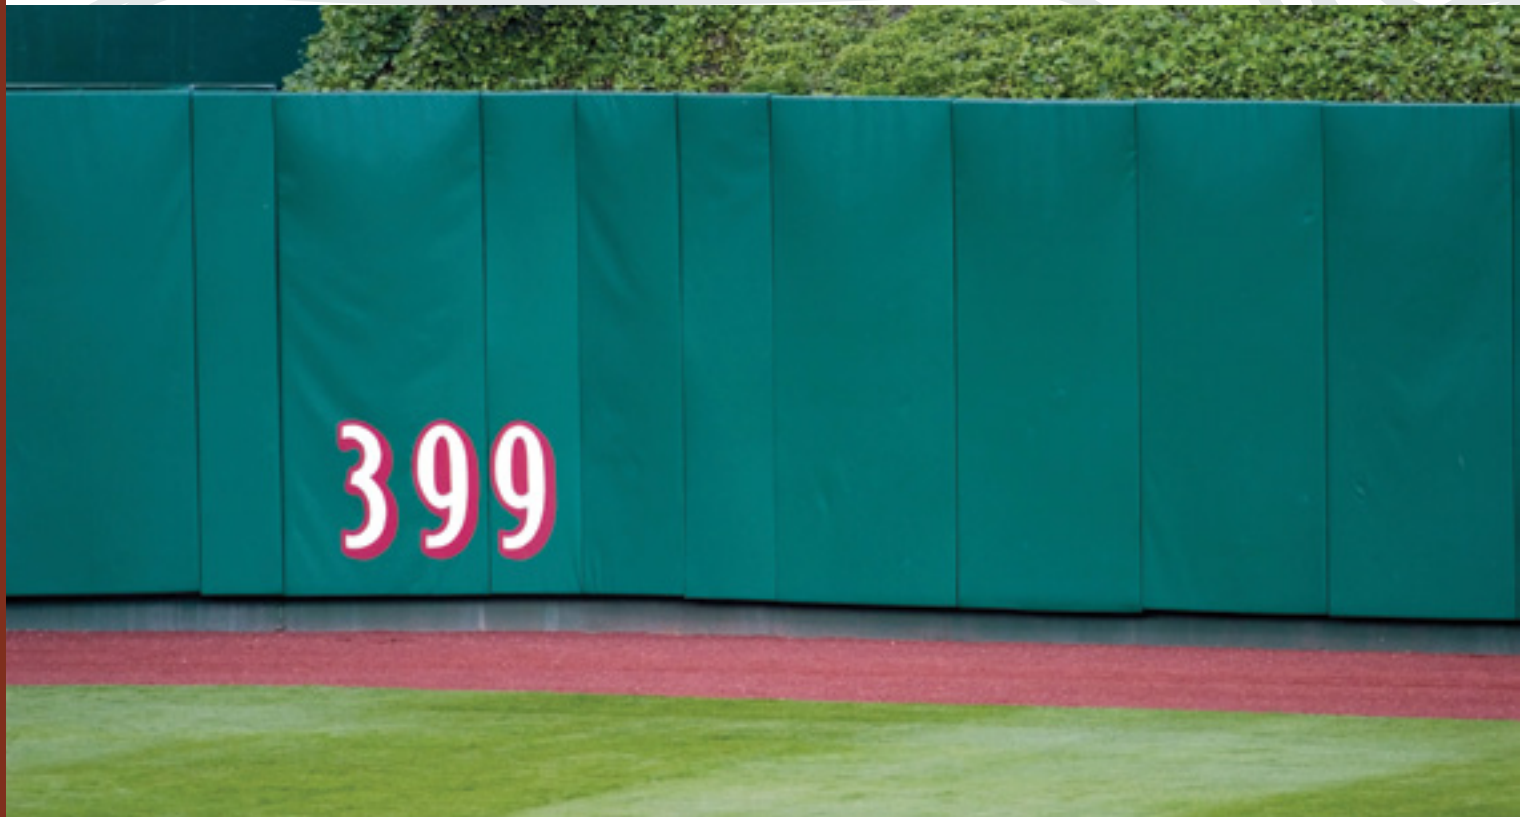

- 18oz UV treated vinyl coated polyester
- Available in Red, Yellow, Orange, Bright Pink, Lime Green, Forest Green, Burgundy, Marine Blue, Royal Blue, Navy, Tan, Brown, Purple, White, Grey, and Black

Field Cover Accessories

- AFC Storage Tube [FCSTUBE]: heavy-duty polyethylene available in 20ft, 30ft, and 40ft lengths
- On Deck Circle [ODCMAT]: durable nylon synthetic turf, logos and graphics available
- Sand Bags [SB]: 2.8oz white polypropylene
- Stakes [GRNDSTK-AL]: solid aluminum

Safety Padding

Outdoor Stadium Padding

ODSTADPAD-CSTM

- Fabricated to the dimensions of your facility
- On-site installation available
- Wood Backed Padding:
 - 3in thick foam bound to moisture resistant backing board and encased in 18oz vinyl
- Sewn Padding:
 - 3in thick foam encased in 18oz vinyl
 - Lighter and easier to install and move
- Fabricated using 18oz UV treated vinyl (see below for details)

18oz Vinyl

- All outdoor padding is fabricated using this material
- 18oz UV treated vinyl coated polyester
- Logos and graphics available
- Available in Red, Yellow, Orange, Bright Pink, Lime Green, Forest Green, Burgundy, Marine Blue, Royal Blue, Navy, Tan, Brown, Purple, White, Grey, and Black

Goal, Post, & Rail Padding

SPECPAD-CSTM

- Custom and standard fabrication available
- On-site installation available
- Sewn Padding:
 - 3in thick foam encased in 18oz vinyl
- Lighter and easier to install and move
- Available with or without grommet closures or hook and loop strips
- Fabricated using 18oz UV treated vinyl (see opposite page for details)

Fence Padding

FNCPAD-CSTM

- Custom and standard fabrication available
- On-site installation available; will vary depending on your type of fence and facility requirements
- Wood Backed Padding:
 - 3in thick foam bound to moisture resistant backing board and encased in vinyl
- Sewn Padding:
 - 3in thick foam encased in vinyl
 - Lighter and easier to install and move
- Fabricated using 18oz UV treated vinyl (see opposite page for details)

Safety Padding Accessories

- Patch Kit [PK]: vinyl cement with 1 yard of chosen vinyl
- Padding Adhesive [ADHPAD]: clear thermoplasticelastomer cement

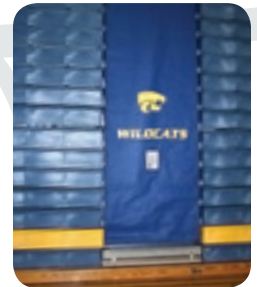

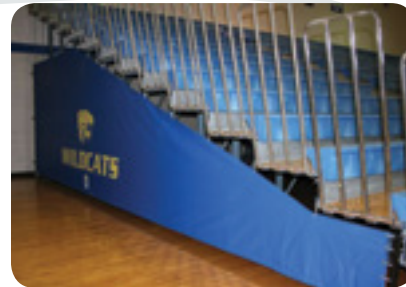

Seat Protectors

Bleacher & Stadium Seat Covers

SEATCVR-STAD

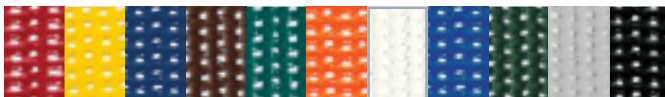

- Multiple materials available to fit your application and budget
- Custom engineered and fabricated to your requirements
- Hemmed with reinforced pull handles on all four sides and built-in grommets
- On-site installation available
- Logos and graphics available
- Colors vary depending on material chosen

Outdoor Bleacher Enclosures

SEATCVR-BLCHR-OD

- 9oz 100% vinyl coated polyester
- Custom fabricated to your requirements
- Reinforced hems on all sides with built-in grommets
- Logos and graphics available
- Available in Red, Yellow, US Open Blue, Brown, Kelly Green, Orange, White, Royal Blue, Forest Green, Grey, and Black

Indoor Bleacher Enclosures

AEATCVR-BLCHR-ID

- 18oz 100% vinyl coated polyester
- Custom fabricated to your requirements
- Reinforced hems on all sides with built-in grommets
- Logos and graphics available
- Available in Red, Yellow, Orange, Bright Pink, Lime Green, Green, Burgundy, Marine Blue, Royal Blue, Navy, Tan, Brown, Purple, White, Grey, and Black

Stadium Netting

Putterman custom fabricates all Stadium Netting applications. All nets come in a variety of gauges and colors and are available in both UV treated and non-treated options.

For netting gauges and specifications **see page 69**. For questions regarding custom netting applications, please call **1-800-621-0146** or visit **www.puttermanathletics.com**.

Netting options include but are not limited to:

- Backdrop Netting for Football, Baseball, Hockey, Lacrosse, Soccer, Golf, and more
- Goal Netting for Soccer, Lacrosse, and Hockey
- Outdoor & Indoor Batting Cages

Fence Crowns

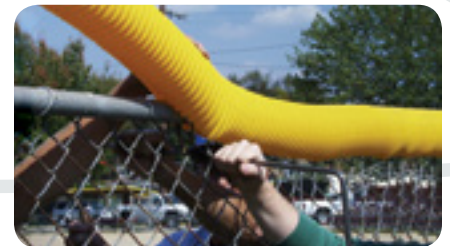

Poly-Cap

Poly-Cap

FNCCAP

- Weather-treated and UV protected polyethylene
- 4.5in diameter in 100ft and 250ft rolls
- Installation tool and matching ties also available
- Available in Yellow, Forest Green, and Black

FenceGard

FenceGard Premium

FGPREM-80

- Weather-treated and UV protected polyethylene
- 3in wide x 4.5in high x 8ft long x .10in wall thickness
- Pre-drilled every 24in; includes cable ties
- Sold in 80ft cartons
- Available in Yellow, Forest Green, Red, and Blue

FenceGard Standard

FGSTD-80

- Weather-treated and UV protected polyethylene
- 2 5/8in wide x 4in high x 8ft long x .07in wall thickness
- Pre-drilled every 24in; includes cable ties
- Sold in 80ft cartons
- Available in Yellow, Forest Green, Red, Blue, Orange, and White

FenceGard Lite

FGLITE-80

- Weather-treated and UV protected polyethylene
- 2 5/8in wide x 4in high x 8ft long x .05in wall thickness
- Pre-drilled every 24in; includes cable ties
- Sold in 80ft cartons
- Available in Yellow, Forest Green, Red, and Blue

Portable Fencing

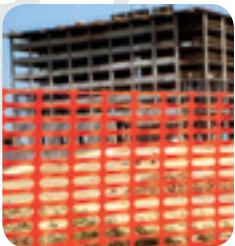

Sports Fencing

Sports Fencing

SPORT-FNC

- Chemical resistant and UV protected PVC piping
- Polypropylene copolymer mesh interior
- 44in x 126in
- Available in White piping with White or Black Mesh

Poly Fencing

POLY-FNC

- Chemical resistant and UV protected polymeric mesh grid
- 4ft high in 100ft rolls in Orange and 720ft rolls in Green
- Available in Green and Orange (weight varies depending on color choice)

Rolled Fencing

ROLL-FNC

- Knitted polyethylene
- 48in high in 150ft rolls
- Available in Green, Orange, Red, Blue, and Black

Fence Crowns & Fencing Accessories

- Poly-Cap Yellow Ties [FNCCAPTIE-YLW]: heavy-duty, reusable, high break strength
- Poly-Cap Installation Tool [FNCCAPTOOL]: solid steel construction

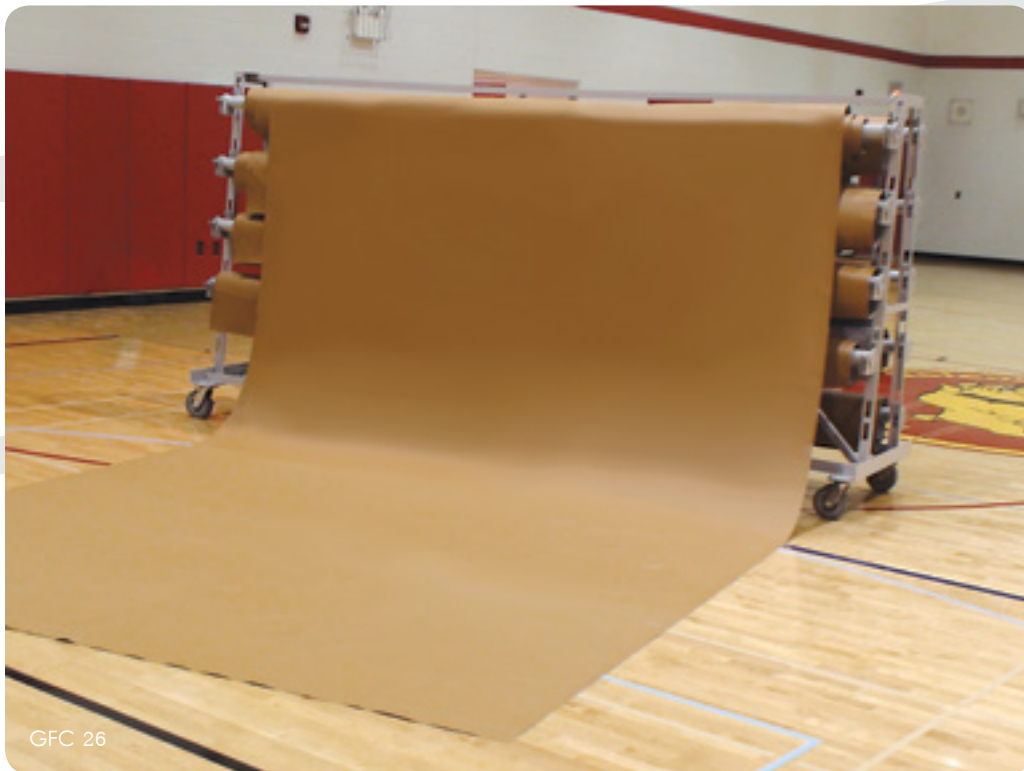

The background is a solid tan color. It features several thick white lines that form a complex, overlapping geometric pattern. A prominent feature is a large, irregular white shape that resembles a stylized letter 'S' or a series of connected curves. In the bottom right corner, there is a diagonal stripe that is white on top and blue on the bottom.

GFC Accessories

- Tape [GFCTAPE]: rubber-based coated soft PVC
- Tape Dispenser [GFCTD]: tape gun with plastic handle
- Tape Walk-Behind Dispenser [GFCTDWB]: holds widths from 1in to 4in

Putterman Mobile Storage Rack System

- Easily install and retrieve the GFC with two people in about 30 minutes
- Available with or without brush attachment to sweep away debris while you roll the GFC back onto the rack
- Features Putterman's exclusive roller bracket, which incorporates a four-wheel steel ball-bearing design that will:
 - Increase the load capacity on each bracket
 - Allow smoother operation of the install and retrieval of each GFC section
 - Increase the sturdiness of the rack
- Features innovative, non-marking 8 inch diameter poly wheels to:
 - Increase the total load capacity to 4,000 pounds
 - Allow for easier movement during GFC installation and retrieval

Mobile Storage Rack Accessories

- Cleaning Brush Attachment [GFCBRUSH]: crimped black poly
- Mobile Storage Rack Cover [GFCRCV]: available in all weights and colors; logos and graphics available
- Power Winder [GFPCW]: aluminum gear housing and reinforced plastic body and handle

EnviroGard

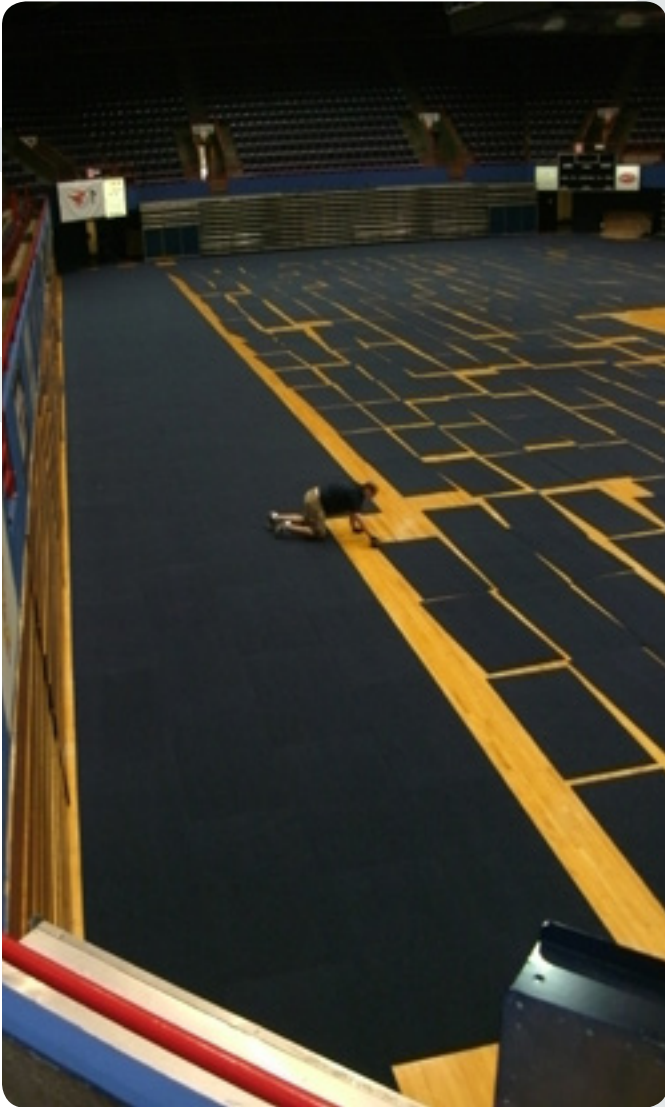

EnviroGard is the next generation of protective Gym Floor Covers. Made from 75% recycled materials, EnviroGard is the first environmentally friendly Gym Floor Cover System on the market. Durable, attractive, and easy to use, EnviroGard truly does redefine the upscale gymnasium space.

ENVIROGARD

- Extremely light weight and durable
- Deploy approximately 10,000ft² in less than 30min with optional Storage Cart
- Looks and performs acoustically like carpet
- Highly resistant to tears, slips, and stains; contains spills by wicking moisture
- Easy to clean by vacuuming or sweeping
- 100% American Made
- Available in Charcoal

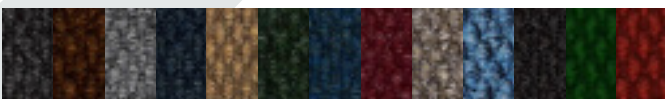

TileGard

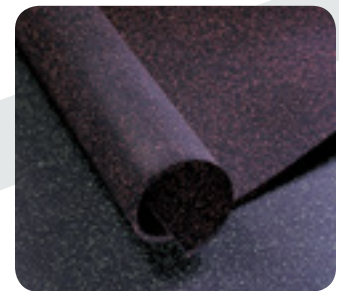

TILEGARD

- Lighter than the competition allowing faster and more efficient installations with optional Storage Cart
- Extremely durable, virtually stain proof
- Attractive carpet top surface
- Dramatic sound suppression capabilities
- Contains spills by trapping moisture
- Easy to clean by vacuuming, using hot water extraction, or pressure washing on tough spots
- 100% American Made
- Available in Charcoal, Chestnut, Storm, Navy Denim, Pecan, Emerald, Victory Blue, Black Cherry, Tumbleweed, Bermuda, Black, Cypress, and Raspberry

Sports Surfacing

SPRT-SURF

- Perfect for health clubs, fitness centers, weight rooms, tracks, and gyms, Sports Surfacing will enhance the look of your facility while protecting the surface underneath
- Eco-friendly, made from recycled SBR tire rubber, EPDM flecks, and Nike® Grind
- Extremely durable
- Available in rolls or easy-to-install tiles
- Logos and graphics available
- Available in standard and custom colors (contact us for details)

Gym Divider Curtains

Walk-Draw Divider at Chelsea Piers

Walk Draw Divider

- This simple curtain is designed for ease of use and storage
- Available in cable suspended or track supported varieties
- Curtain is manually deployed and retracted along cable or track
- Storage dimensions: 1 1/4in per ft of curtain length

Fold Up Divider

- This accordion style curtain efficiently divides a space by descending from the ceiling
- Curtain folds neatly for storage as the concealed bottom tube rises toward the ceiling
- Overhead storage guarantees a longer life for this curtain
- Curtain is deployed and retracted using a Heavy Duty 3/4 HP Electric Winch
- Storage dimensions: 2ft 6in from bottom of structure

Roll Up Divider

- This curtain offers a clean, compact aesthetic while stored
- Curtain is retracted by belts that efficiently roll curtain upward around a concealed bottom tube
- Overhead storage guarantees a longer life for this curtain
- Curtain is deployed and retracted using a Heavy Duty 3/4 HP Electric Winch
- Storage dimensions: 2ft from bottom of structure

Solid Vinyl

- 18oz 100% vinyl coated polyester
- Logos and graphics available
- Available in Red, Yellow, Orange, Bright Pink, Lime Green, Green, Burgundy, Marine Blue, Royal Blue, Navy, Tan, Brown, Purple, White, Grey, and Black

Vinyl Mesh

- 8oz 100% vinyl coated polyester
- Logos and graphics available
- Available in Black, White, Forest Green, Yellow, Red, Royal Blue, and Grey

Slope Fold Divider at Chelsea Piers

Slope Fold Divider

- This lap fold style curtain is similar to the Fold Up Divider, but offers the additional design feature of fitting flush against a pitched ceiling
- Curtain folds neatly for storage as the concealed bottom tube rises at the same pitch as the ceiling above
- Overhead storage guarantees a longer life for this curtain
- Curtain is deployed and retracted using a Heavy Duty Variable Diameter Drum Motor Assembly
- Storage Dimension: 2ft 6in from bottom of structure

Perimeter Fold Divider

- This accordion style curtain incorporates universal couplers along the drive shaft that allow curtain fabric to follow the inside radius of a running track
- Overhead storage guarantees a longer life for this curtain
- Curtain is deployed and retracted using a Heavy Duty 3/4 HP Electric Winch
- Storage Dimension: 2ft 6in from bottom of structure

Gym Divider Curtain Accessories

- Chain [GDCCH]: 1/4in zinc plated steel coil
- S-Hooks [SH]: zinc plated steel
- Snaps [SNAPS]: zinc plated

Custom Indoor Safety Padding

18oz Wood Backed Padding

Wood Backed Padding

- Sleek and cost-effective
- 7/16in thick wafer board backing
- 2in thick foam
- 14oz or 18oz vinyl
- All pads are custom fabricated
- Installation Options
 - Bracket Mounting: 1in lip on the top and bottom that is inserted into the bracket for ease of removal and replacement
 - Z-clip Mounting: Z-clips mounted to the wall and the back of the pad, then hooked together for ease of installation
 - Fixed Mounting: 1in lip on top and bottom of pad affixed to wall with screws or nails

Padding 18

PAD18-CSTM

- 18oz 100% vinyl coated polyester
- Logos and graphics available
- Available in Red, Yellow, Orange, Bright Pink, Lime Green, Green, Burgundy, Marine Blue, Royal Blue, Navy, Tan, Brown, Purple, White, Grey, and Black

Sewn Padding

- Lighter and easier to install and move
- 2in thick foam
- 14oz or 18oz vinyl
- All pads are custom fabricated
- Installation Options
 - Grommet Mounting: 1.5in vinyl flap on top and bottom of pad with No. 2 built-in grommets
 - Hook and Loop Mounting: Hook and loop strip affixed to the wall and the back of the pad, then pressed together creating a strong bond

Padding 14

PAD14-CSTM

- 14oz laminated polyester
- Logos and graphics available
- Available in Royal Blue, Red, Gold, Forest Green, Purple, Burgundy, Navy Blue, Grey, White, Black, Kelly Green, Orange, Sky Blue, and Camel

Standard Indoor Safety Padding

Standard Solid Color Padding

P-WP82F 2ft x 8ft Panels

P-WP72F 2ft x 7ft Panels

P-WP62F 2ft x 6ft Panels

- 7/16in OSB composite board backing
- 2in fire retardant urethane foam
- 14oz leather grain vinyl
- Flame, mildew, and UV resistant
- Fixed Mounting: 1in lip on top and bottom of pad affixed to wall with screws or nails
- Available in 16 colors (contact us for details)

Standard Graphic Padding

P-WP6216GF

- 7/16in OSB composite board backing
- 2in fire retardant urethane foam
- 14oz leather grain vinyl
- Flame, mildew, and UV resistant
- Fixed Mounting: 1in lip on top and bottom of pad affixed to wall with screws or nails
- Graphics protected with liquid laminate
- Package includes 8 2ft x 6ft panels, creating a 16ft x 6ft wall

Indoor Safety Padding Accessories

- Patch Kit [PK]: vinyl cement with 1 yard of chosen vinyl (not applicable for P-WP6216G)
- Padding Adhesive [ADHPAD]: clear thermoplasticelastomer cement

Custom Gymnasium Netting

Putterman Athletics has decades of experience designing, fabricating, and installing complex netting systems for gymnasiums including ball catchment systems, indoor batting cages, indoor golf driving ranges, and more.

See opposite page for our most popular netting types, or page 69 for a complete list of netting varieties.

Indoor Batting Cages

All custom netting installations are constructed from weather treated, heat resistant, twisted nylon in 1 3/4in knotted mesh

NET18-CSTM No. 18

- 194lbs per strand breaking strength
- Available in Forest Green and Black

NET21-CSTM No. 21

- 245lbs per strand breaking strength
- Available in Black and White

NET36-CSTM No. 36

- 365lbs per strand breaking strength
- Available in Black, Forest Green, and White

NET42-CSTM No. 42

- 435lbs per strand breaking strength
- Available in Black

Goalpost Padding

P-FBCPP

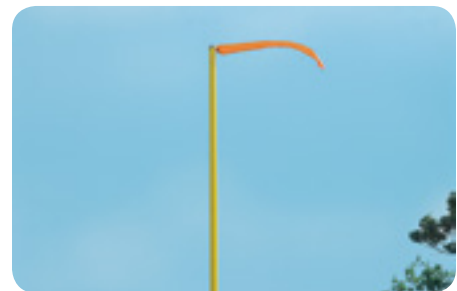

- 5in thick foam covered with weatherproof vinyl
- 72in height
- Velcro® strap closures
- Choice of 16 colors (contact us for details)

Practice Kicking Cages

P-FB100KC

- 1in diameter powder-coated steel frame
- 6ft high x 4ft wide
- Heavy mesh net
- Folds flat for storage

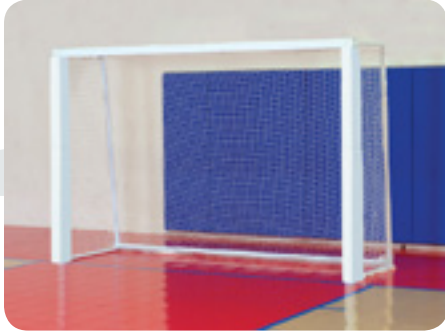

Wind Direction Streamers

P-FBWDS

- 4in wide x 42in long orange weather resistant streamer
- Fits 2 3/8in diameter uprights
- Includes hardware

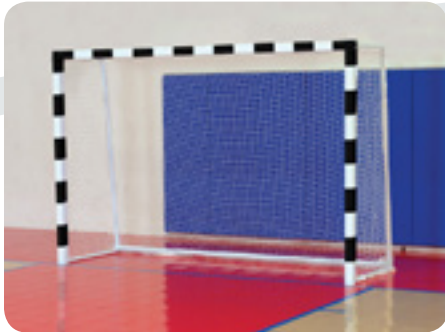

Miscellaneous Sports Equipment

Futsal Goals

P-SCFUTSAL

- 6ft 7in high x 9ft 10in wide
- 100% white powder-coated aluminum
- 3in x 3in aluminum extrusion uprights and crossbars
- Net attached via track and clip system
- Sold in pairs, nets included

Team Handball Goals

P-SCTEAMHB

- 6ft 7in high x 9ft 10in wide
- 3in x 3in aluminum extrusion uprights and crossbars
- Net attached via track and clip system
- Sold in pairs, nets included

Lacrosse Goals

- Rust-proof aluminum and stainless steel
- 6ft x 6ft opening, 7ft depth
- Sold in pairs, nets included

P-LC200

- 6mm mesh net attached via straps

P-LC300

- 6mm mesh net attached via track and clip system

Field Hockey Goals

P-FH200

- 100% rustproof white powder-coated aluminum frame
- 1/4in black weatherproof kickboard
- Net attached via track and clip system
- Sold in pairs, nets included

Rugby Goalposts

P-FBRUGBY

- 3.5in diameter galvanized steel uprights and crossbars
- 27ft above ground height, 3ft burial depth
- 18ft 4in width
- Sold in pairs

Badminton Systems

P-BM10 Goals

- 1.5in square aluminum standards
- Includes net

P-BM23 Floor Plates

- Hinged brass with 12in deep aluminum socket

Outdoor Tetherball Systems

P-TB100P Pole

- 1 7/8in diameter galvanized steel pole
- PVC ground sleeve

P-TB100 Set

- Also includes rope attachment ring and tetherball with rope

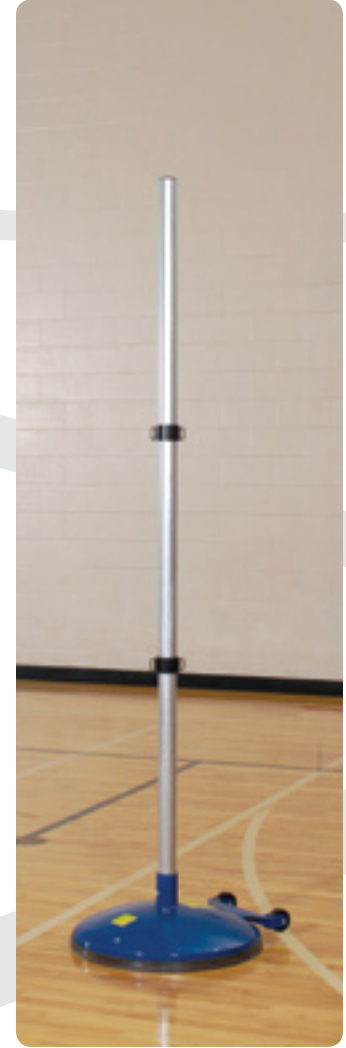

Indoor/Outdoor Portable Tetherball Systems

P-TB300 Set

2 3/8in diameter, 10ft galvanized steel pole

- 24in diameter steel base with wheels and 145lb built-in ballast
- Includes rope attachment ring and tetherball with rope

Portable Game Base

P-PB100-RY

- 2 3/8in diameter, 10ft galvanized steel pole
- 24in diameter steel base with wheels and 145lb built-in ballast
- Includes two versatile sliding game attachment collars, four net attachment spring clips, and a quick release pole attachment pin for easy, compact storage

our commitment

Since 1920, Putterman Athletics has set standards in the athletics industry. Across the 20th Century Putterman became widely acknowledged for creating innovative solutions for Tennis Facilities and Gymnasiums. Today, Putterman Athletics is the largest manufacturer and suppliers of products for athletic facilities and job sites nationwide.

Through our 2006 move from family run business to shareholder run business, MPC Group LLC, our new management team has remained committed to the legacy of Max Putterman and the core principles he established. Putterman is dedicated to offering solutions customized to our customers' needs. We are committed to providing products at excellent prices with fast turnaround times. In addition, the Putterman team has remained focused on providing quality products with strength and durability that will far outlast the competition.

customer service

Putterman's products are essential to keeping your players safe and reducing the liability of your facility. Therefore, Putterman strives to ensure that your ordering process is as seamless as possible. From the initial purchase inquiry to the installation, Putterman makes you feel confident in your purchase. We have invested in building a second-to-none customer service team so that the end result will always exceed your expectations.

innovation

Putterman is immersed in the modernization and improvement of all our materials and accessories. We have worked in partnership with our vendors to create the most durable materials for fabrication. Most recently, Putterman created an exclusive agreement with German-based company Universal Sport to supply the western market with high performance, German-engineered, off-the-shelf products.

product quality

Beyond Putterman's commitment to providing quality products with strength and durability, we are committed to maintaining strict quality control procedures within our production facilities to ensure your custom order is fabricated to your specifications. The advanced quality control team coordinates all manufacturing processes and our worldwide network of professional installers will ensure your products are installed correctly.

competitive pricing

Putterman is constantly searching the market to find premium materials at the best prices so we can pass the savings onto our customers. Consequently, Putterman offers consistent low prices for all applications.

quick turnaround

From the time you place your order, Putterman guarantees a quick turnaround time. However, Putterman understands that sometimes there are time constraints and you may need your order to be rushed. Our excellent Sales and Customer Service teams will work with you to get your order to you in a timely manner all while adhering to our Product Quality standards.

safety

Establishing and maintaining accepted safety practices within our production facilities is a priority for Putterman. We regularly educate our team members on the importance of participating in and being accountable for a safe environment. The organization's Safety Performance is reviewed and analyzed regularly by the Management Team.

call 1-800-621-0146 for additional products

terms of sale

order information

Customers may order by phone, email, or fax. All prices are FOB Chicago, Illinois or manufacturer unless otherwise indicated. Quoted prices apply at the time of shipment. We reserve the right to change product material with materials of equal or superior quality. Prices are subject to changes without notice.

payment options

We accept Visa, MasterCard, American Express, money order, and certified check. International orders require pre-payment unless otherwise approved by MPC Group Management. CODs are not accepted. In the case of all standard orders, accounts with approved credit will be billed Net 30 days from the date of invoice. To establish credit with Putterman, a credit form with bank information and three trade references must be provided. Credit terms normally take about 48 hours to process. A 1.5% finance charge may be assessed for balances past 30 days from date of invoice.

freight and shipping

Putterman ships all orders via UPS ground except when expedited shipping is requested or required. All shipping is paid by the customer. Because Putterman specializes in large installations, some orders with larger sizes and weights may be sent via motor freight. Freight shipments will be prepaid and added to your invoice. All prices are FOB Chicago, Illinois or FOB shipping dock if shipping from a remote location. International shipments can be quoted.

freight damage and discrepancies

If damage occurs during shipment, it is the customer's responsibility to notify Putterman within 5 days of delivery. Putterman must report claims within 5 days so proper damage claims can be made against the carrier. Failure to report any problems with 5 days of delivery will forfeit any claims for damage with Putterman. Discrepancies must be reported to Putterman Athletics within 30 days of invoice date. Putterman will not be responsible for any discrepancies thereafter.

product returns

To return any standard products, advance authorization from Putterman Athletics must be obtained through email or fax. Otherwise, returned merchandise will not be accepted. Customer is responsible for a 15% restocking fee and return shipping costs. Putterman Athletics will not accept returns for products more than 3 months past their invoice date. Putterman Athletics will not accept returns for custom products unless a material or fabrication defect is determined to have occurred.
